

About the Motivation Table :

### 1、Sample Input and Output

The screenshot shows a window titled "Motivation Table 作业动力表". It contains a table with 5 columns: "序号" (Serial Number), "MISSIONS" (作业任务), "DIFFICULTY" (作业难易程度), "INTEREST LEVEL" (作业兴趣度), and "TIME ( Minutes )" (完成作业所需时间 (分钟)). The table lists 10 homework items. The first six items are: 1. Chinese (非常难, 我不喜欢, 30), 2. Math (一般, 我喜欢, 35), 3. Physics (比较难, 一般, 40), 4. Chemistry (比较容易, 一般, 35), 5. Politics (比较容易, 我喜欢, 20), 6. English (非常容易, 我喜欢, 15). Items 7-10 are marked with "\*" for difficulty and "我喜欢" for interest level, with empty time fields.

Below the table is a note: "注意：如果您的作业任务 不足十项，请在最后作业的 下一项作业任务中填入 \*。". A "提交" (Submit) button is present.

Below the button is a section titled "作业任务表 TO-DO LIST" with a table showing a summary of the first six items, ordered by time (English, Politics, Chemistry, Math, Physics, Chinese).

序号	作业任务	时间 (分钟)
1	英语	15
2	政治	20
3	化学	35
4	数学	35
5	物理	40
6	语文	30

### 2、Software Development Environment: Python 3.8.0

### 3、Program Input Parameters

- **MISSIONS:** The homework missions need to be completed.

Note: If there are less than ten missions, input character of “\*” in the next mission. Thus for the normal mission, the mission name cannot contain “\*”.

- **DIFFICULTY:** How difficult do you feel about the homework, there are 5 levels for choosing.

- **INTEREST:** How much you enjoy doing the homework, there are 3 levels for choosing.
- **TIME:** The minutes you will spend in this task.
